

Statement Supporting Election Workers

Election Year 2022

We value, support, and defend election workers' integrity and commitment, and we thank them for their dedicated service to our communities and our nation.

Year after year, our election workers spend long hours planning, preparing for, and running our elections. It's their job to ensure that the election process complies with the voting laws, that all those who are eligible and registered can vote, and that their votes are counted efficiently, completely, and accurately.

These public servants understand that their obligations have nothing to do with political party. No matter in which party, if any, they are registered, they follow the election law and procedures to support everyone's right to vote.

We strongly condemn threats or violence against these public servants, and we will do everything we can to protect them and the integrity of our elections.
